Psychological Services
UNIVERSITY OF CENTRAL FLORIDA

 **SVAD**
SCHOOL OF VISUAL ARTS & DESIGN

SAM FLAX
Everything Creative

Please join us for the fifth annual UCF Counseling & Psychological Services (CAPS) collaboration with the School of Visual Arts and Design to create UCF Healing Art Exhibition that will showcase artworks by UCF students, faculty, staff and alumni. The UCF Healing Art Exhibition's mission is designed to create campus wide awareness of the power between arts and healing, to increase inclusivity across campus, and to create an open exhibition space for creativity in a healing environment. We welcome you to honor our artists who have been transformed by the healing power of creativity to inspire others to do the same.
